Branch Representatives and TAFE TA Councillors should be elected at the Annual General Meeting of the Branch in Term 1.

A TAFE TA Branch can be created at any workplace that has 10 or more financial members. New branches must contact the TAFE TA Secretary to complete formal requirements. Each branch must hold at least four meetings a year. For small workplaces with fewer than 10 financial members, no branch can be created. However, members should elect a Federation Representative, or a Contact Person can volunteer to distribute materials and information. A Contact Person need not take on other responsibilities.
