TAFE MEMBERSHIP

2024

With more than 61,000 teachers in TAFE colleges, NSW public primary schools, high schools, special schools, senior colleges and other educational facilities, and another 10,000 retired and student members, Federation is the most democratic and representative voice of the teaching profession in the state.

For more than 100 years, Federation has continued to fight for just wages and conditions, equal pay, Aboriginal education, superannuation, professional standards, support for students with disability, teacher housing and education funding, among other gains. Membership of Federation is a legacy to be proud of and to defend.

Federation members continue to promote a quality public education system and campaign for improved working conditions to benefit teachers, students, parents and the community. The improvements achieved in public schools and colleges across NSW are a direct result of Federation policy, democratically developed by members.
