NEW SOUTH WALES TEACHERS FEDERATION

The NSW Teachers Federation is the only registered trade union for public school teachers in NSW, covering primary schools, high schools, schools for specific purposes, senior colleges, TAFE colleges and other education facilities, retired teachers and future teachers studying a degree that will lead to a teaching degree. Federation is the most democratic and representative voice of the teaching profession in the state.

For more than 100 years, Federation has fought for just wages and conditions, equal pay, Aboriginal education, superannuation, professional standards, a statewide staffing agreement, support for students with disability, teacher housing and education funding among other gains. Membership of Federation is a legacy to be proud of and to defend.

Federation members continue to promote a quality public education system and campaign for improved working conditions to benefit teachers, students, parents and the community. The improvements achieved in public schools and colleges across NSW are a direct result of Federation policy, democratically developed by members.
